

LEARNING GUIDE ACTIVITY

08.28.11

Please complete using your 3rd period class, you may use another period if you have 3rd period planning.

Activity: Analysis of Classroom Demographics: Part 1

In this activity you will analyze your student population and identify the positive factors that provide support to your students.

1. In the chart below identify the positive factors supporting students by placing a checkmark "✓" in the corresponding box that indicates if you have a student with that particular characteristic in your classroom.

Categories of Positive Factors Supporting Students	Evident in Your Classroom		
	Yes	No	Don't Know
Supportive/Involved Parent(s)			
Good Study Skills			
Volunteer in Community			
Active in School Activities			
Leadership Role in School			
Participates in extra-curriculum Activities			
Sibling Support
